

How to apply for eTwinning European prize 2017

You must have received a European Quality Label for your project before you can apply, and the project must have been active in the school year 2015-2016. Just go to the project page on your eTwinning Live and you will find the option among all the actions below the project with the EQL:

ATTENTION! BEFORE YOU SUBMIT IT IS STRONGLY ADVISED YOU DISCUSS THIS PRIZE APPLICATION WITH YOUR PARTNERS. ONLY ONE PARTNER CAN SUBMIT THE APPLICATION AND THE OTHERS CAN ADD COMMENTS TO IT AFTER IT HAS BEEN SUBMITTED.

Each project (with EQL) can have only one application and it is not important who submits the application among the partners, so it is important to agree with all and write a comprehensive application. The language should be a vehicular language like English or can be the language linked to the special category (for example, if the project was run in Spanish and partners would apply for Spanish language prize, the application can be in Spanish). **If your partner has already applied,**

you cannot change the application form. You have the opportunity however to comment under each section and add further information.

NB. The Jurors must have an access to your TwinSpace in order, for them to assess the project properly. Please make sure a visitor access has been set up in your TwinSpace and include the user name and password in your application form

The application form will be open on your screen.

First of all, you have to decide your age category, among:

- Pupils age 4-11
- Pupils age 12-15
